II. INTRODUCTION

A. BACKGROUND

This Notice of Funding Available (NOFA) announces the availability of funding for the Program Year (PY) July 1, 2021 - June 30, 2022 for the Community Development Block Grant (CDBG) Program. The CDBG Program is funded and regulated at the federal level by the U.S. Department of Housing and
Urban Development (HUD) and administered locally by the City of Columbia, under the auspices of the Office of Community Development. The CDBG Program is authorized under Title I of the Housing and Community Development Act of 1974. The regulations implementing the CDBG Program are located in the 24 CFR, Part 570.

The City’s objectives for this program are in accordance with HUD’s National Objectives which seeks the development of a viable urban community through the implementation of the following National Goals, principally for the benefit of low-and moderate-income (LMI) persons:

- **Benefiting Low and Moderate Income (LMI) Persons**
  - LMI – Individual Benefit
  - LMA – Area Benefit
  - LMC – Limited Clientele Benefit
  - LMH – Housing Benefit
  - LMJ – Creates or Retains Job Benefit
- **Addressing Slum or Blight; or**
- **Meeting a Particular Urgent Community Need**

And the City of Columbia Priority Needs:
1. Expand/Improve Public Infrastructure & Facilities
2. Preserve & Develop Affordable Housing
3. Public Services & Quality of Life Improvements
4. Housing & Supportive Services for Persons with HIV/AIDS
5. Provide for Increased Economic Opportunities

The City of Columbia invites applications from qualified entities to apply for funding under this Request for Applications (RFA). The primary objective is to fund projects and activities that are consistent with locally developed CDBG Program Priorities and to address the federal/local Consolidated Plan objectives.

**B. FUNDING AVAILABLE**

The City of Columbia is a CDBG “Entitlement” Program city (i.e., for cities with populations over 50,000). As a CDBG Entitlement city, the City of Columbia receives an annual allocation of CDBG funds. The grant amount is determined by the higher of two (2) formulas:

- Data based on overcrowded housing, population and poverty,
- Data based on age of housing, population growth lag and poverty.

Because the data used to calculate either formula varies from year to year, the funding amount is not predetermined. The City anticipates receiving $1,593,036 in CDBG revenue, ($1,043,036 in new entitlement, estimated $550,000 in Revolving Loan Fund [RLF]). A total of $150,000 is available for Public Service Activities located in the City’s redevelopment areas. The City has designated $1,234,429 for non-public service and affordable housing activities located within the four (4) priority redevelopment areas as defined by City Council and identified in the 2020-2024 Consolidated Plan.

During the 2021-2022 funding cycle, competitive applications will be accepted for the CDBG Public Service Activities only, which includes neighborhood improvement grants.

This NOFA/RFA is a one (1) year funding request.
C. THRESHOLD REQUIREMENTS

All application must meet the local and HUD defined threshold requirements as detailed in Application Eligibility below. D. Proposed projects must address one or more of the program priorities outlined in the Program Priorities section of the RFA.

As such, an ongoing assessment of performance relying principally on the items identified before will be utilized to determine the success and benefits of the proposed project.

The following is a brief definition of each item and how it will be assessed:

- **Goal(s):** The intent or purpose to be achieved by the project. The project will be assessed to determine if the stated goal(s) is an integral part of the operation/implementation of the project and if it is being achieved.

- **Objectives:** Clear description of what kinds of activities will be undertaken and/or performed in order to achieve the project’s stated goal(s). The objectives, when clearly defined, provide the project with a mechanism by which the project will meet its goals. The performance assessment will examine the reasonableness of the average cost per unit of service provided; based on the number of persons served and activities/services performed in relation to the amount of money, time, effort, etc., expended to render the actual unit of service.

- **Performance Measures:** Performance measures are quantitative and qualitative indicators which denote the achievement or lack of achievement of the project’s stated goals. Emphasis will be placed on assuring the project’s achievement of the numeric values specified in each measure.

The assessment will focus on the identification and documentation of the expected outcomes as a direct/indirect consequence or effect of the project activity. Whenever possible, the project should indicate quantifiable and qualitative results that have been achieved as a result of project activity.

- **CDBG Allocation:** Part of the overall assessment will examine the amount of the total project allocation of CDBG funds in regard to the services provided and the public benefit to the community.
